## Jewellery Piece of the Year

### Wellendorff fans love to be surprised!

Year after year, Wellendorff invests a lot of time and effort into developing an exclusive Jewellery Piece of the Year, always creating a new technical goldsmithing highlight with an unexpected feature that fulfils a long-awaited desire for its wearer. To add to the surprise and keep fans guessing each year, the Jewellery Piece of the Year could be a bracelet, ring or necklace. As a tribute to the development of the first Wellendorff rope in 1977, the piece is limited to the number of years that have passed since then. As it is the 47th anniversary of the rope this year, the 2024 Jewellery Piece of the Year is limited to 47 pieces. Laying your hands on one of these pieces is not easy as only a few Wellendorff friends are able to exclusively discover the Jewellery Piece of the Year in a unique setting at the annual family celebration.

# Rings of the Year

The MOMENTS OF DELIGHT 2024 Ring of the Year is limited to 224 pieces worldwide – just like every year, its name and the numbered limitation (1/224) are recorded in the engraving on the inner ring.

Since 1997, Wellendorff has given each year its own motto and created a limited-edition Ring of the Year with a unique name, a deeper meaning and special symbolism.

Inspired by a historic moment – the return of the British crown colony of Hong Kong to the People's Republic of China – Wellendorff created the first Ring of the Year in 1997. This marked a particularly special moment: for the first time, there was a Wellendorff ring strictly limited to only 97 pieces, based on the year of its release. Demand was huge and the ring sold out in just a few days. Wellendorff has launched a new Ring of the Year each year since, confident that extraordinary designs and new goldsmith techniques will make the rings certain trendsetters, with their special stories sure to make a statement. Each Ring of the Year has a special meaning that provides a motto for the year. The limited edition Rings of the Year soon became sought-after collector's items, with long waiting lists. The good news is that one more limited-edition ring is available each year.

# Anniversary rings

**“Once you have reached your 125th anniversary, every year deserves to be celebrated!”**

This was announced by a good friend of Wellendorff on the jewellery manufactory's 125th birthday. And what better way to celebrate an anniversary than with a Wellendorff fan favourite: beautiful pieces of jewellery in limited editions. Wellendorff, therefore, decided to launch a third limited-edition series in 2018: the Wellendorff anniversary rings. Since then, the jewellery manufactory has released limited-edition rings at the beginning of each year in the form of a capsule collection with bold looks that are completely different to any other Wellendorff rings. Each ring has a world of its own, delighting Wellendorff fans with great versatility and often experimental design. In 2024, Wellendorff celebrates its 131st anniversary and has therefore limited the anniversary rings to 131 pieces.
