

#### THANK YOU FOR. Your Shine *ring*.

With THANK YOU FOR. Your Shine, for the first time Wellendorff has created a spinning solitaire ring crowned with a coloured gemstone. A fine white gold setting with sparkling diamonds fully secures the 5.69-carat oval-cut Sri Lankan sapphire. Beneath the deep blue gemstone, the sparkling diamonds on the spinning ring dance seemingly effortlessly. This is all made possible by Wellendorff's patented spinning mechanism. An incredible 191 sparkling diamonds accompany the unique sapphire, providing the perfect backdrop. Sapphires are said to provide protection. This sapphire makes the ring a perfect talisman to accompany its wearer throughout her lifetime.

*It would be great to hear from each other more often!  
The family letter is a personal project that I very much love: once a month, in a personal email, I give the wider Wellendorff family a glimpse behind the scenes of our jewellery manufactory, showing them exclusive new products, limited-edition jewellery piece, and recounting particularly emotional stories from my life. Would you also like to receive the family letter?*

*Simply scan the QR code below and fill out the registration form or write to me personally at [eva@wellendorff.com](mailto:eva@wellendorff.com).*

*Kind regards,*

*True
